## Limited Residential Food Recycling Program

Residential property owners have a program available for food waste recycling. In cooperation with Waste Management, Agoura Hills residents can participate in the "Limited" Organic Food Waste collection program by using their green waste cart. There is no need for an additional container to recycle certain types of food waste and there is no additional cost for this service! It is available as part of your regular refuse and recycling collection services.

### How Does This Program Work?

Residents can simply combine some limited food waste products with their green waste in the same cart. There is no need to separate. The following items are acceptable: bread, fruit, vegetables, tea bags, coffee grounds, fish and meat. Only these items can be placed inside your green waste cart. Any other products will result in the green cart becoming contaminated and the items will no longer be recyclable.

### Always Recycle:

Plastic Bottles and Containers    Paper    Flattened Cardboard    Food and Beverage Cans    Food and Beverage Cartons    Glass Bottles and Jars

### Do not include in your recycling:

No Food Waste    No Foam Cups and Containers    No Needles    No Plastic Bags and Film

## Holiday Schedule

Waste collection does not occur on the following holidays:

- New Year's Day • Labor Day
- Memorial Day • Thanksgiving Day
- 4th of July • Christmas Day

When a holiday falls on a weekday, collection will be delayed one day for the remainder of the week. If a holiday falls on a Saturday or Sunday, there will be no delay in service.
